# What is AssessmentShare?

AssessmentShare is collaboration tool.  It is a web application that can be used by all types of educators to write, share, review, and use questions for tests.  It will help educators across the nation standardize and diversify their assessments by sharing and receiving feedback from others.
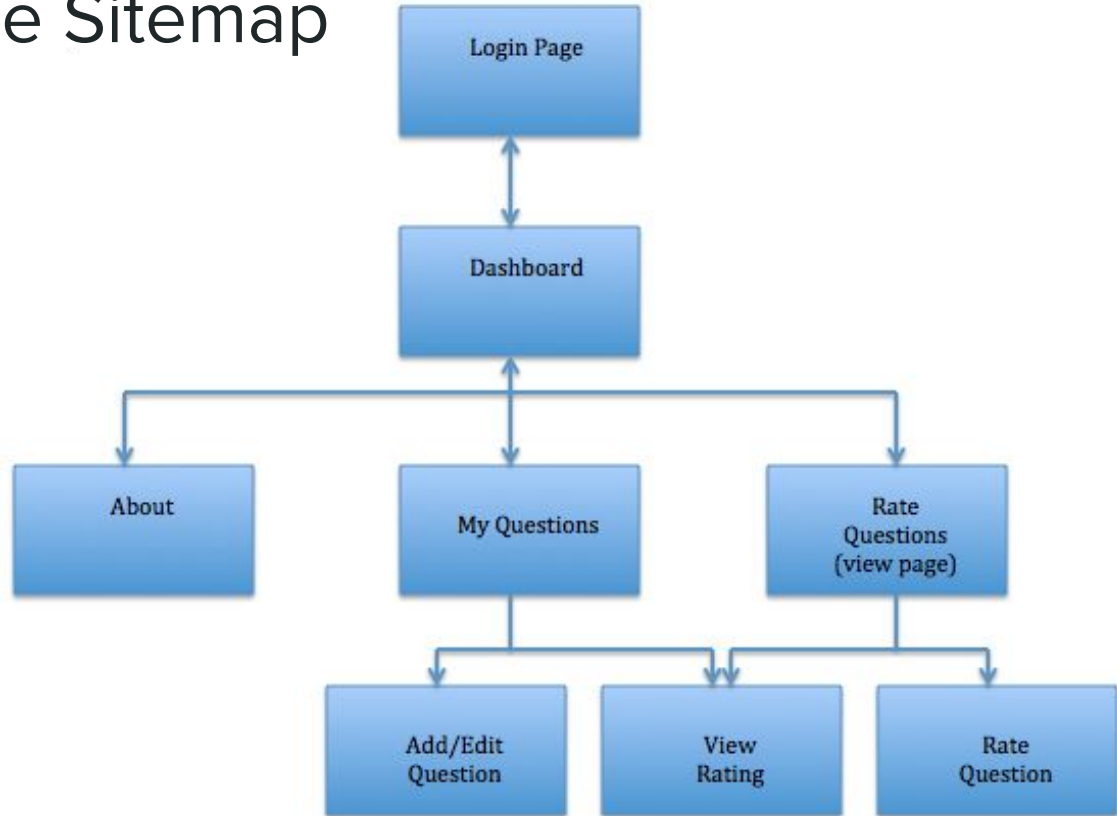

# AssessmentShare Functional Requirements

01. Users can login using Google.

02. Users will have access to a dashboard; from there they can write questions or review questions.

03. Users can add multiple choice questions to the database with a limit of 1 correct answer and 4 distractors.

04. Users do not have a limit on the number of questions they add.

05. All questions will automatically be shared.

06. Users will be able to 'tag' their questions to a pre-determined list of topics.

07. Users can rate other users' questions.

08. The rating scale will be 1-10 (10 being an excellent question, 5 and below being a question that should be rewritten before use).

# AssessmentShare Functional Requirements cont.

09. The question rating section will include the following questions with the option to choose 'yes', 'no', or 'could be improved': 'Is the stem of the question accurate?' 'Is the answer correct?' 'Are the tags accurate?'

10. The question rating section will also include a textbox and the user rating the question can leave comments as a string.

11. The AssessmentShare application will average the rating for each question.

12. Users can read all reviews for all questions.

13. The user can select questions to export to the excel file.
